

# Helping Hands Living Solutions Snow Removal Service

**Oh the Weather Outside is Frightful...  
Well not right now, but Snowmageddon is  
always being forecast by the weather teams.  
It does snow at least once every winter, and  
Helping Hands Living Solutions sees an  
opportunity to help by clearing snow**

How do we charge? Good question. When we put our team in the field to work we know what we have to pay them. Let's work something out when we get to your house. We can discuss the snow depth and weight, and how it doesn't snow like it did when we were kids. I'm confident we can agree on a price for the effort we put in for you.

You'll have your snow removed (until it snows again), and we will feel good for having helped you out.

**Book your winter service before the first big snow hits! We are happy to hear from you while we are out shoveling, but if you want to have us check with you when it snows, we can put you on our list to call. No retainer necessary. We can only clear a limited number of homes, so get your name on our call list early.**

## **Has Snowmageddon Left Your Driveway Looking More Like the North Pole Than Your Home?**

Let's be honest... shoveling snow is fun for about five minutes... the first time it snows. You know the drill:

- You wake up early, look out the window, and immediately regret every life choice that led to living somewhere it snows.
- You put on 14 layers, only to be sweating profusely three minutes into clearing the end of the driveway.
- When you do get done, your back hurts in places you didn't know existed.

When it snows, don't sweat it, we've got this. We are your friendly neighborhood Yetis, ready to tackle the snow so you don't have to. We provide Fast, Reliable, and Pain-Free (for you, anyway!) snow removal services.

Our Services:

- **Driveway Clearing:** From flurries to blizzards, we'll clear your path.
- **Sidewalk/Walkway Shoveling:** Ensure safe steps for the mail carrier and yourself!.
- **Salting Services:** Because ice is the Grinch of winter weather.

Why Choose Us?

- We're faster than a reindeer delivering presents on Christmas morning.
- We make snow disappear like magic (but with snow blowers and shovels).
- We may break out in a snowball fight at any moment.

*(Disclaimer: We are not actually magical; we just have big shovels and strong backs. Results may vary based on how many staff members we can talk into doing this.)*
